

JESSA BELLE CASTILLO

SOFTWARE TEST ENGINEER

EXPERIENCE

May 23, 2023 – March 23, 2024

Associate Software Test Engr. • Gothong Southern Shipping Lines, Inc.

Job Responsibilities: In my capacity as a software test engineer, I am tasked with the design, implementation, and execution of test plans, as well as the identification, reporting, and tracking of defects to ensure software products meet or exceed customer expectations. Additionally, our initiative in automation testing encompasses a comprehensive approach, spanning from identifying areas for enhancement to the automation of tests and incorporating end-user feedback.
